Publishing Office: SILA SCIENCE, Universite Mah., Mekan Sok. No: 24, Trabzon, Turkey.

Frequency: Energy Education Science & Technology, Part C Future Energy Sources (ISSN 2147-5466) is published 4 times per year.

Aims and scope: *Energy Education Science and Technology Part C: Future Energy Sources* is established worldwide as the authoritative journal addressing those issues of energy supply, demand and utilization that confront decision makers, managers, consultants, politicians, planners and researchers. Major articles cover a comprehensive range of topics from fossil fuels to nuclear fuels; from biorenewable energy sources to non-carbonaceous energy sources; from the economic and environmental impacts of biofuels to the economic evaluation of solar power and photovoltaics; from the peaceful use of energy to energy demand management in developing countries. Suitable topics are petroleum, coal, natural gas, biomass, bioethanol, biodiesel, biogas, biohydrogen, hydrogen, fuel cells, photovoltaics, wind power, geothermal energy, water power, gas hydrates, algae energy, biorefineries, sonic and ultrasonic energy, energy education. Also included are suitable topics regarding the efficient energy management, education and use of air, water, and land resources.

Notes and Instructions to Contributors

Submission of Manuscripts

The entire submission and review process for *Energy Education Science & Technology Part C: Future Energy Sources* is handled electronically, which shortens publication times. Authors can be submitted word and pdf files of their manuscripts by online to Editor-in-Chief (*E-mail address: ayhandemirbas@hotmail.com*). Although this journal is international in scope, all articles must be in the English language. Potential contributors whose first language is not English are urged to have their manuscript competently edited prior to submission. Papers should be written in the third person in an objective, formal and impersonal style.

Manuscript Preparation

General: The corresponding author should be identified (include an E-mail address; Tel. and Fax numbers). Full postal addresses must be given for all co-authors.

Abstracts: Each manuscript must be included a brief abstract and a short list of keywords.

Text: Follow this order when typing manuscripts: Title, Authors, Affiliations, Abstract, Keywords, Introduction, Main text, Conclusion, Acknowledgements, Appendix, References, Vitae and Figure Captions followed by the Figures and Tables. Pages should be numbered consecutively. The corresponding author should be identified with an asterisk and footnote.

Symbols and Units: All Greek letters and unusual symbols should be identified by name in the margin, the first time they are used. SI units should be used wherever possible, as recommended in ISO 1000 and BS 5555.

References: All publications cited in the text should be presented in a list of references following the text of the manuscript. In the text refer to references by a number in square brackets on the line (i.e. In the earlier work [1]), and the full reference should be given in a numerical list at the end of the paper.

- [1] Demirbas A. Progress and recent trends in biofuels. *Prog Energy Combust Sci* 2007;33:1-18,
- [2] Sarkanen KV, Tillman DA. *Progress in Biomass Conversion*, Vol. 2. Academic Press, New York, USA, 1980.
- [3] Cook PJ, Hinczak I, Cao HT. *Proceeding of the International Workshop on Granulated Blast-Furnace Slag in Concrete*, Toronto, pp 7-77, 1987.
- [4] Boncukcuoglu R. *Recovery of Boron from Boron Industry Wastes*, Ph.D. Dissertation, Atatürk University, Erzurum, 1993 [in Turkish].

Illustrations: All illustrations should be provided in camera-ready form, suitable for reproduction (which may include reduction) without retouching. Photographs, charts and diagrams are all to be referred to as "Fig(s)" and should be numbered consecutively in the order to which they are referred. They should be accompanying the manuscript, but should not be included within the text.

Tables: Tables should be numbered consecutively and given a suitable caption and each table typed on a separate sheet. Footnotes to tables should be typed below the table and should be referred to by superscript lowercase letters.

Referees: Please submit, with the manuscript, the names, addresses and e-mail addresses of 3 potential referees. These referees should be internationally renowned experts in the field, and should not be from the same institute or ideally the same country as the authors of the manuscript. Note that the editor retains the sole right to decide whether or not the suggested reviewers are used.

Proofs: Proofs will send to the corresponding author and should be returned 72 hours of receipt. Corrections should be restricted to typesetting errors; any others may be charged to the author. Any queries should be answered in full.

Reprints

The authors should pay USD 20 per page (approximately 400-500 words) for printing fee and other costs. PDF files of papers will be send to the corresponding author by email.

Copyright

Papers are considered for publication on the understanding that they have not been submitted to any other publisher. With the exception of review papers, the work described must be original and, generally speaking, not previously published. Authors who wish to reproduce illustrations that have been published elsewhere must obtain the permission of the copyright holder.

Annual subscription price: USD 450
